What I am going to say...

Listen very carefully.

Denzel

You know about the research I've been doing, don't you?

Yeah...

It's about the Abyss, isn't it ?

... Yes, Abyss.

To be more precise ...

What is beyond the Abyss.

Beyond ?

I've spent all my life on the Abyss research.

The Abyss, the end of the world.

Created by the Goddess

It's a space filled darkness and void.

Legends regarding the Abyss

Stories, myths, and everything

Ultimately, filtering truth from fiction.

You see...

I firmly believe that

The Abyss is not the end of the world.

It is where everything starts.

This is not some random hypothesis !

Don't you get it ?!

We must send someone into the Abyss !

We must find out!

Seanan, I understand you want to push for your idea.

But majority of researchers are against this idea !

What you are trying to prove is defying the Goddess theory !

You need to take a step back this time.

I cannot do that ! They are just turning away from the truth !

It's right out there in the Abyss!

You are going too far. Even I cannot support you on this !

Professor!

Sending someone to the Abyss ?!

That is basically human experiment !

But ...

Enough is enough !

No ...

It's not ...

It's not a mere hypothesis !

It's not !

I will go.

I will go there myself !

It's fine then, isn't it ?!

if ...

it is not the end ...

Seanan...

Then we will have a choice.

To go there if we desire.

You may... find it hard to believe but ...

I trust you.

Mom,

I believe you.

...

...

...

He has grown ...

Denzel

I am going back to bring Allen.

I want to go with you!

No.

No, it's just too dangerous.

If you go back now ...

The police and the professor...

Anyway, I will bring Allen here.

I want you to stay here and wait for us to come back, okay ?

But ... !

And ...

If ...

If ...

It's only if but

If I don't come back by sunrise...

Go to the Abyss.

Even if you have to go alone ... I

Believe in...

The light within you !

No ...

NO !

Denzel

NO ! NO !

Come with me!

Please, mom!

I am going with you !

I am ...

Denzel ...

You came to us suddenly one day ...

So, I was always afraid that you might leave us suddenly one day ...

I was always afraid ...

My son...

I will come back ...

I will ...

No matter what, I will find you...

No matter where you will be ...

I will find you...

Yeah...

No, it's not the time yet!

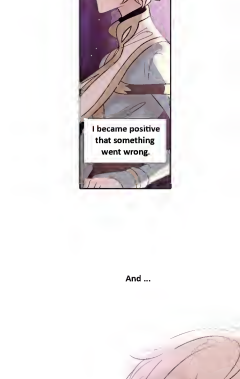

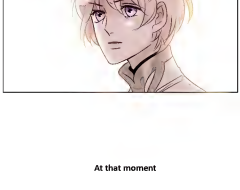

I am sure she will be back soon ...

Mom...

Ha...Hahah

There you are!

There you are !

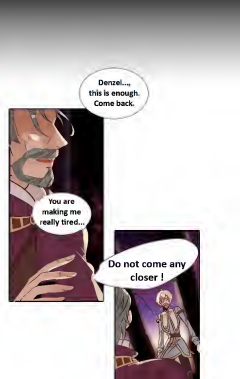

At that moment

I became positive that something went wrong.

And ...

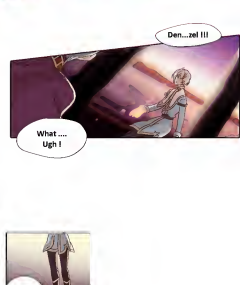

I became unbelievably calm and collected.

I have to go alone.

Denzel.... this is enough. Come back.

You are making me really tired...

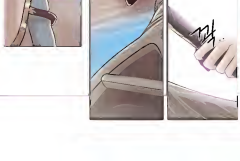

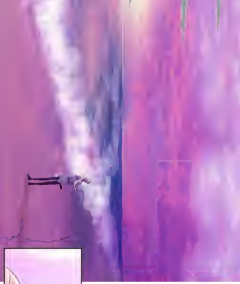

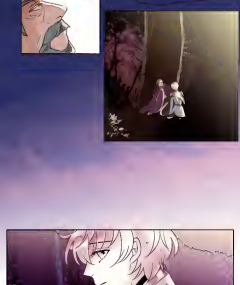

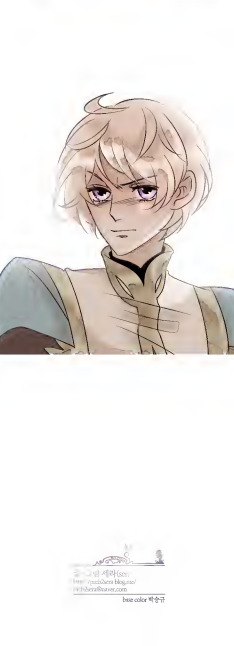

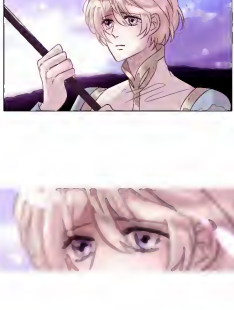

Do not come any closer !

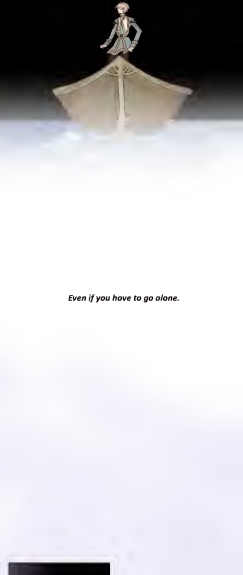

You have no idea how much I care about...

Don't make your grandpa sad like this, Denzel.

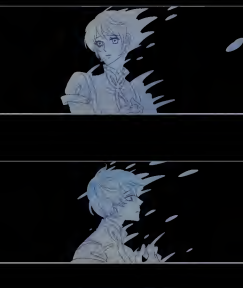

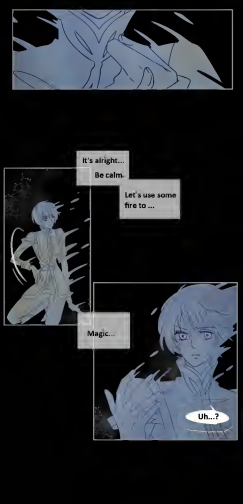

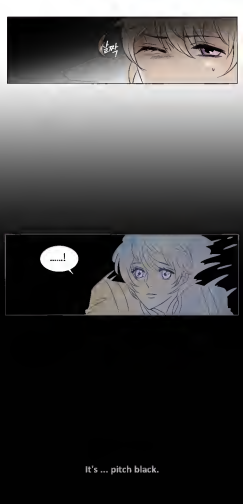

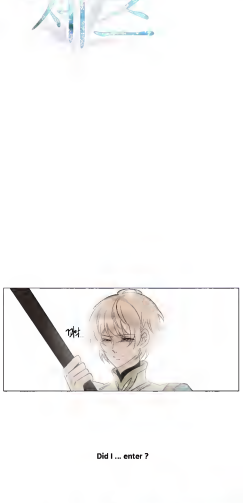

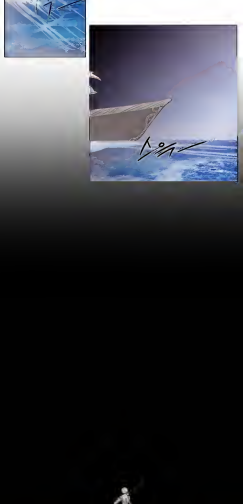

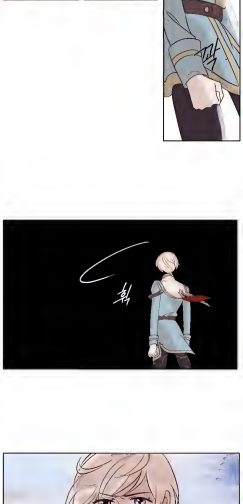

Go into the Abyss, Denzel.

Even if you have to go alone.

Denzel ...

Your eyes turned yellow ?!

Let go of me.
I want to go home... !

You save me today, Denzel.

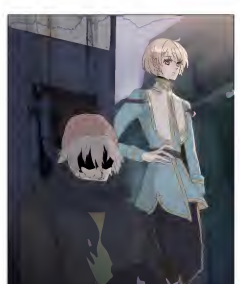

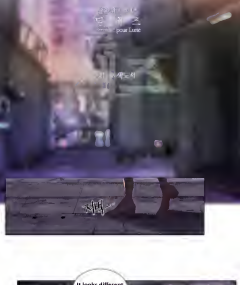

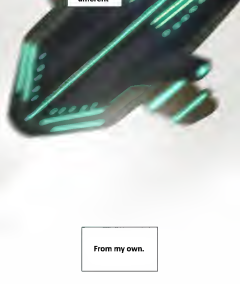

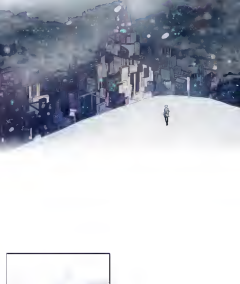

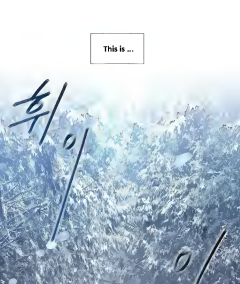

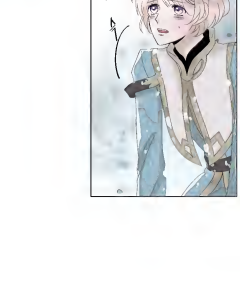

She is not your

Denzel, go to the Abyss...!

There is nothing in the Abyss!

Believe in the light within you.

Just a dream ...

I've never thought

Of using fire

When I feel cold simply because there was never cold weather in my world.

It felt so alien ...

To use fire to warm myself up in such a cold weather.

And more importantly

What's this scent? It's good...

What's this scent called? It's so nice.

Scunt? Ah...

The rose smell from my magic?

In this world

Magic doesn't appear to exist.

Rose?

Do not upload this project to manga-sharing sites !

What's a rose?

Rose is ... a flower?

Flower?

What's a flower?

Ah?

They don't know ... flower?

Xeno!

Do you know what flower is, Xeno?

Xeno?

Xeno!

What's wrong?

Ah, well...

Do you know what a flower is?

Ah, well...

No, I don't ...

H... Hang on a sec.

What the hell ...

How am I supposed to understand this?

He doesn't know Palace ...

And Magic? I've never heard of such.

...

Is he ... a ghost or something?

No... he looks too real to be one.

He's glaring at me like crazy.

You made fire... Just how did you?

Logically, that's simply impossible. Since when were you able to do that?

Since when...?

Since birth, I guess? I've been able to do it with ease.

Huh...

Since birth?

Does that mean ...

I guess he isn't from here at least ...

So then ...

This guy...

Ah, yes!

Where is he from really?!

Exactly two days.

How long have I been out?

...?! Two days??

That long?

?

I have to ...

I have to go.

Go where?

I have to wait for someone...

Where he came from?

I need to get back to where I came from...

That's where I should wait...

I have to hurry...

Where was it?

A forest...

Yes, it was a forest...

I crossed sea from the world I am from...

There was the Abyss at the end

I entered and found a string of light ...

The Abyss?

I am sorry. I know it sounds confusing and weird.

Even I am confused.

By "The Abyss", do you mean...

The pillar?

...

What...?

The pillar of Abyss in a forest to the North.

Since you mentioned the Abyss and a forest, I think that's where you meant.

A forest to North...

The pillar?

But, Xeno, that place is ...

Please - I

Take me to there!

No, you can just tell me the way and I will go on my own!

This is the end of North.

We call it the pillar.

I am unsure whether this is ...

The abyss you were talking about.

But the full name of that is the pillar of the Abyss, so it's the only place.

... Feels familiar.

Actually... I think this is it.

I think this is exactly the same place...

But the cracks ... ?

Does this mean ...

It feels... firm.

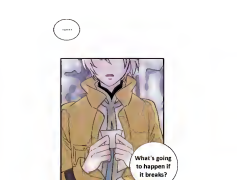

As if it's a wall.

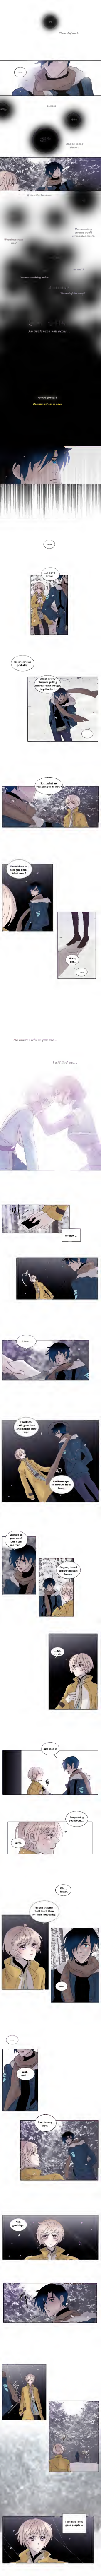

It's different from when I entered from the other side.

I cannot enter from here ?

Or is this place not it?

I don't know... if it really is, what am I supposed to do now?

The end of world

.....

Demons

.....

Human-eating demons

If the pillar breaks....

Would everyone die ?

Human-eating demons would come out, it is said.

The end ?

Demons are living inside.

The end of the world !

An avalanche will occur ...

Demons will eat us alive.

.....

... I don't know.

No one knows probably.

Which is why they are getting nervous even though they dismiss it.

.....

So..., what are you going to do now?

You told me to take you here. What now ?

Yes... I did...

No matter where you are...

I will find you...

For now ...

Here.

Thanks for taking me here and looking after me.

I will manage on my own from here

Manage on your own? Don't tell me that...

Oh, yes, I need to give this coat back...

... No, it's ok.

Just keep it.

I keep owing you favors...

Sorry.

Oh... I forgot.

Tell the children that I thank them for their hospitality.

.....

Yeah, well ...

I am leaving now.

Yes, good-bye.

I am glad I met good people...

Now ...

What to do ...

Why is it called
a pillar ?
It looks more like
a wall to me ...

I wonder how far
the Abyss connects
...

And why is it blocked
like here?

As if to prevent
anyone from
entering...

And the expanding
cracks ...

3 days ago

Could it be...

Because
of me?

Uh...

What's going on?

Why ...

Do I feel...

I feel
dizzy...
